# DEDICATION

Mr. Hogan first came to the Elgin Academy in November of 1974 from Loyola Academy. At that time, E.A. had its share of problems, but Mr. Hogan immediately and vigorously pursued a plan of reform. In the fall of 1975, curricular changes were installed, with a greater emphasis on the fine arts, languages, extracurriculars, and sports. By the fall of 1976, changes in the faculty and staff were implemented, and by 1977, projects like the Extravaganza were underway. More recently, the Lower School and the new sports facility have taken shape under Mr. Hogan's leadership.

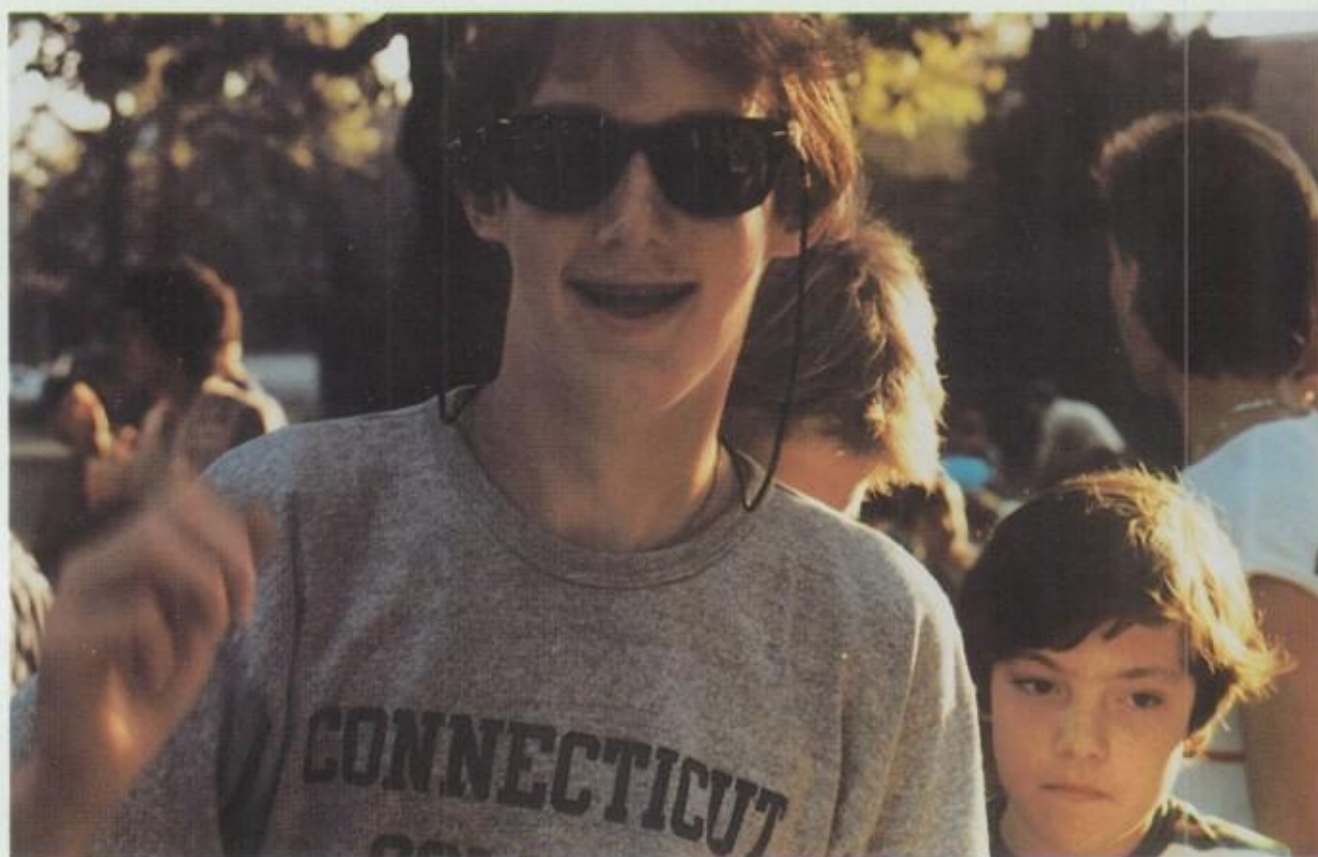

In September of 1979, Mr. Hogan married Nancy (nee Soldau). Mrs. Hogan came to E.A. with a nursing degree from Rush University in Chicago, and started work as a part-time campus nurse. While Mr. Hogan developed the Parents Auxiliary and directed the renovation of several buildings on campus, Mrs. Hogan served as a teacher both here and at Aurora College, and worked on her Ph.D. in psychology.

Mr. and Mrs. Hogan have had a very positive and real presence at E.A. for the past nine years. Mr. Hogan has used his administrative skills time and again to improve our school; Mrs. Hogan has been not only a teacher but a friend to both faculty and students. Both have brought many changes for the better to the Elgin Academy, and it is indeed difficult to accept their departure. It is thus with regret and deep gratitude that we, the class of '85, dedicate this yearbook to Mr. and Mrs. Frank Hogan.

1984-1985 has seen many changes come to the Elgin Academy. As in recent years, enrollment has increased, we have welcomed new faculty members, and, thanks to our capable staff, the campus looks better than ever. However, even more has happened. For the first time in E.A.'s history, there is a separate Lower School, located adjacent to the athletic fields. And perhaps the hardest change to accept is Mr. Hogan's departure. But while we cannot know what effects these changes will bring, we can look back at the past with satisfaction and forward to the future with hope and confidence.

# HOMECOMING.

Homecoming 1984 followed tradition: tug-of-war, grub days, the powder puff soccer game (who really won?), and of course the games on Saturday and the dances Saturday night. One addition was the Family Fish Fry, which was only partly successful because of cold weather.

The weather on Saturday was good, for a

change. Unfortunately, the scores didn't seem to measure up to the sunshine. As it turned out, only the seventh grade soccer team won. But the day was enjoyed by all.

As usual, the band at the Upper School dance was not the greatest. Nevertheless, everyone had a good time, to top off a fun Homecoming.

# VARSITY SOCCER

The varsity soccer team's record doesn't convey the exceptional play by both veterans and newcomers throughout the season. Coach DeHaven noted that the highlight of the season was the final game, against University High of Chicago. After a 4-1 deficit in the third quarter, the squad came back to win 6-5, with captain Woody Hicks scoring 5 goals. Other senior team members were Jimmy Brant at midfield, Andy Neville on defense, assist leader Geof Wendt at forward, and Matt Watkins, who turned in an outstanding half season after starting goalie Warren Stumpp was injured.

Mr. DeHaven added that the future lineup looks very promising. Laurie Schmit, David Safanda, Danny Brant, and Ed O'Brien will be back next year to lead the team. Providing depth will be Andy McCullough, Mike Finch, Brian Petty, and Roland Sorrentino.

Geof gets off a good kick.

Woody, hustling as always.

# J.V. SOCCER

Hard work and enthusiasm paid off this year for the J.V. soccer team. Although the team was relatively young, captains Mike Finch and Brian Scruggs provided leadership through a difficult schedule to come out second in the conference.

Sharing the coaching duties with Mr. Long this year was Mr. Pereira, who served as defensive coach.

Coach Long said that there were two

high points to the season. The first game against Wheaton Christian demonstrated the team's determination: they rebounded from a 3-0 deficit to triumph 4-3. A victory in the last game of the season, played against University High of Chicago, was also notable, with outstanding performances by all.

Next year's season promises to be even more successful, with many talented players returning as sophomores.

# FIELD HOCKEY

Although the varsity field hockey team didn't have a winning season, the team made outstanding accomplishments in developing individual skills and teamwork.

This year's team consisted of three seniors: Rachel Hartigan, Lisa Herr, and Kelly, Shannon. There were also six juniors, eight sophomores, and a GREAT

coach. The 4-13-1 record gives a false impression of the team's talent because many games were lost in flickoffs. As in recent years, goalie Alison Hicks and a strong defense prevented many shots from nearing the goal.

Experience was gained this season and next year should be very exciting with the return of many talented players.

**HOCKEY TALK:** "No pressure," "Mary Decker," "Bionic Woman," "I think they're definitely outplaying us this time," "It's OK Elgin we love ya," "They're wearing white," shake their hands," "I've got to go coach," "I'm dying," and "It must be the referee."

# GIRLS TENNIS

Girls Tennis was characterized by growth and improvement in 1984. Esther Han, Nicole Dolman, and Mary Beth McKoane improved consistently and they gained valuable experience. Nicole led the squad playing number one and earned points for Elgin Academy in the district tournament. Kim Hamill and Maria Bruno also provide promise for the future.

# GOLF

The golf team has experienced steady improvement in its three year history, and this year was no exception. The three ties, unusual in golf, indicated a tough mental attitude towards older teams. Coach Lewis pointed out the Lake Forest meet and Troy Turner's top E.A. score in districts as the highlights of the season.

Young players should provide another winning season at Wing Park next fall.

# VARSITY BASKETBALL

The Elgin Academy Boys Varsity Basketball team provided a great deal of entertainment and excitement for the student body and the parents throughout the season. The Hilltoppers beat Schaumburg, Jacobs, two competitive AA schools, and Hampshire to win the Jacobs Thanksgiving tournament. The Hilltoppers also won a trophy in the Northern Illinois Classic Tournament at Christmas. The season was also a success, as the team was helped along by the excellent performances of Woody Hicks, Jimmy Brant, Geoff Wendt, John Cain, Matt Watkins, Rodney Brown, and Cam Fard. After a first place finish in the Independent School League, the Basketball team looked forward to the exciting competition in the IHSA tournament.

# VARSITY GIRLS BASKET- BALL

Despite the loss of our starters from last year, The Girls Varsity Basketball team had a fine season in 1984-1985. With a great deal of work and conditioning, the girls defeated most of their opponents.

With 13 points per game, Theresa Brant was the leading scorer. Rachel Hartigan's great moves under the basket, Bridgette Brown's rebounding skills, and Lisa Herr's passing ability all contributed to the team's success. Gretchen Schmit, Tina Mason, Staci Barthel, and Diane Woltz provided much needed help as well as hope for the future.

Over all, everything went well, and the girls should be commended for their successful season.

# J.V. BASKETBALL

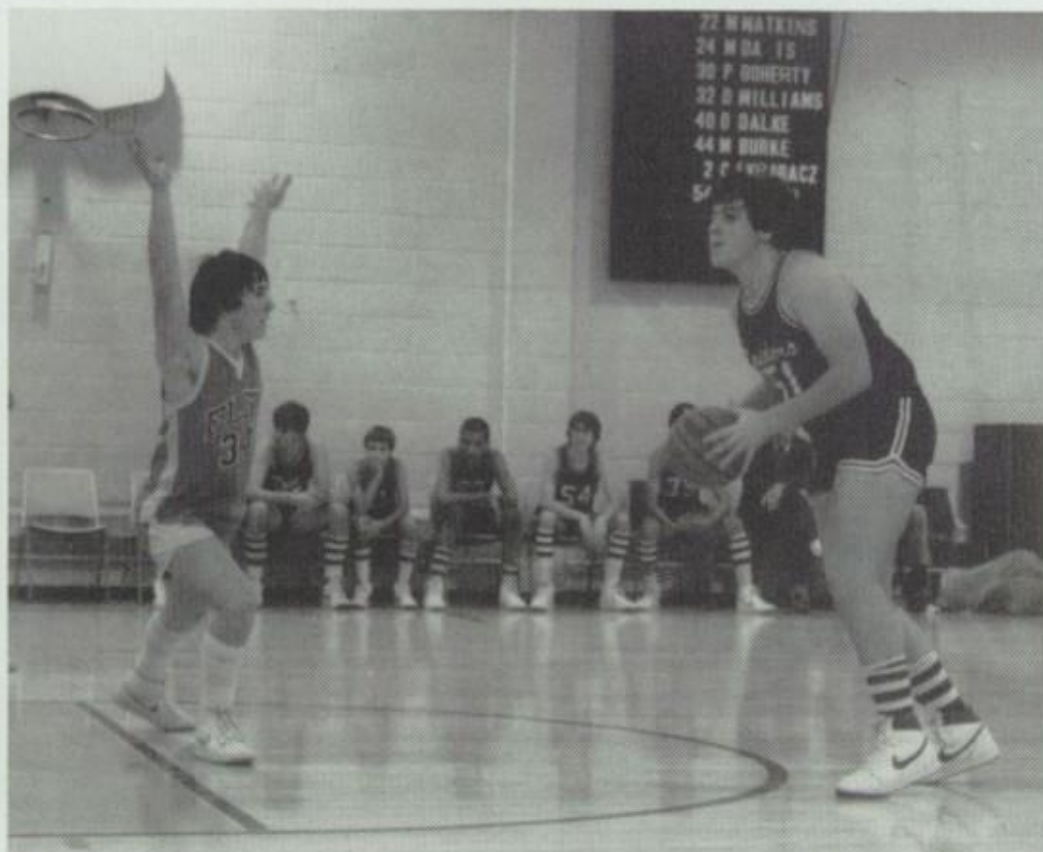

Coach Tolf led a young team this year. The team had only three sophomores. Our year went well even though we lost a lot of close games that we should have won. The starters were Jason Krautkramer, Dean Clemetsen, Pat Scales, Jeff Barone, and Roland Sorrentino who all did a fine job. After recovering from an injury, Dave Hartigan joined the team and played well the last part of the season. With most of the team returning, next year's Frosh-Soph team will be even better.

The Frosh-Soph Girls Basketball team finished the 1984-1985 season with a winning record. The team consisted of seven Freshmen and one Sophomore. The most exciting game took place with Francis Parker in which the team won with a last second shot. Brooke Bortner had an excellent season at point guard, while Diane Woltz and Staci Barthel scored the most points for Elgin Academy. As the team's leading rebounder, Sandra Aung demonstrated much potential. The players learned a great deal this season, and the entire team looks forward to the 1985-1986 campaign.

# "STORY THEATRE"

Jon strikes terror into people's hearts.

They're in it for the money. Top: "I want to be Pope!"

"What could his name be?"

The 1984 Upper School Fall Play was a comedy entitled *Story Theatre*. It consisted of nine brief skits based on the stories of Aesop and The Brothers Grimm. The skits included "Henny Penny," "The Three Travellers," and "Tom Tit Tot," among others. No props were used, and although the production was not a musical, music was important in several stories. Ms. Santori, the director, noted that everyone had one role in which he or she could shine in. The play was a great success and was greatly enjoyed in the two performances.

# BABES IN TOYLAND

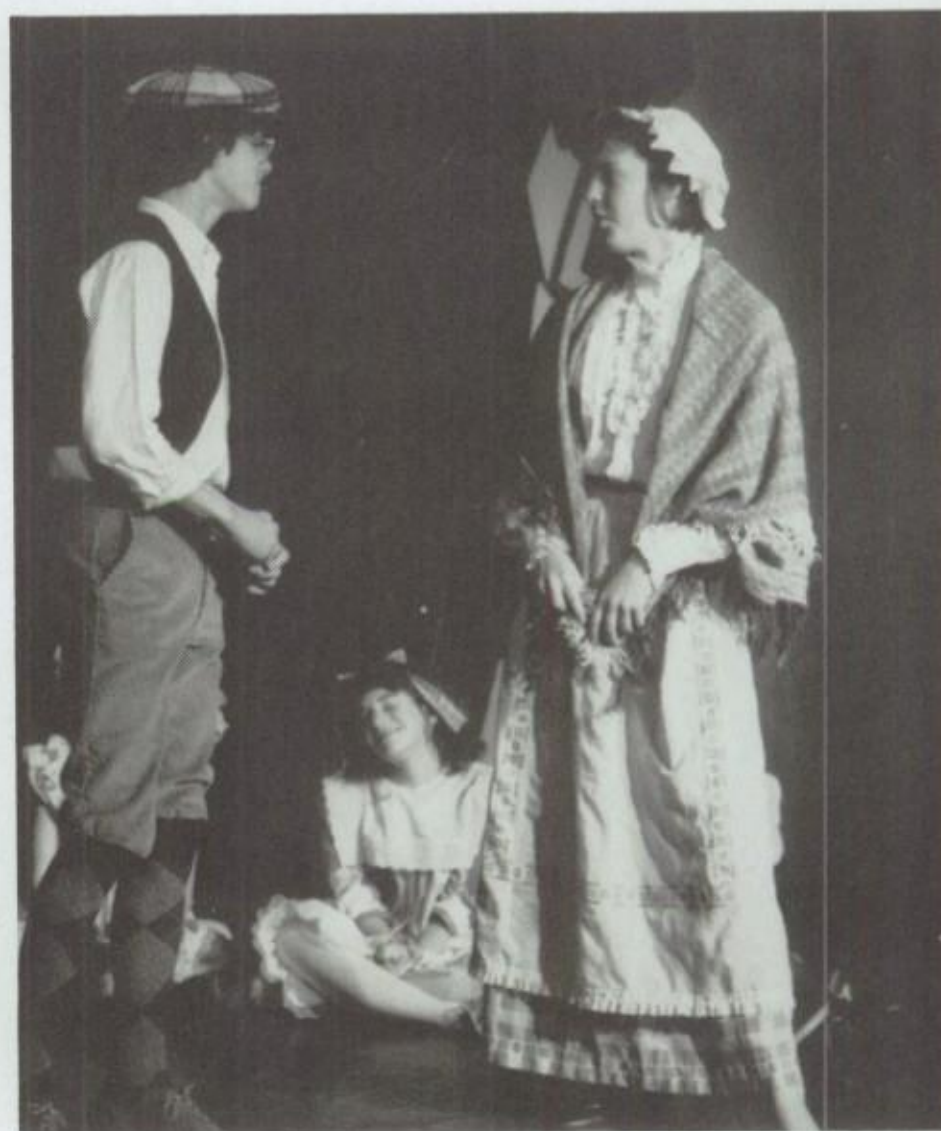

This year's Middle School musical, *Babes in Toyland*, was presented on December 14 and 15. It was directed by Ms. Santori, choreographed by Mrs. Tishler, and the music was directed by Mr. Koonce. The musical used the talents of 60 middle schoolers both on the stage and behind the scenes. The cast portrayed nursery rhyme characters in a Mother-Goose-land setting. The big production number, which involved the whole cast, was the "March of Toys." The stars were Jason Miller as Barnaby, Alexandra Geis as Jane, Geoffrey Smart as Alan, Rebecca Arnal as Mary, and William Gibbons as Tom.

# TOYS FOR TOTS

## AND

Teamwork

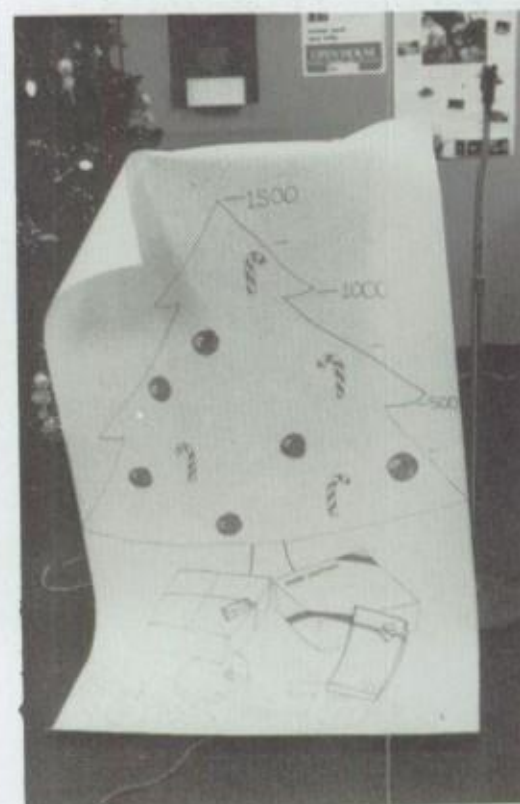

Bringing in the goods.

For the last five years, the Toys-for-Tots program has been a much needed help to those less fortunate than we are. This year, the school collected 1790 toys which were distributed to the Shriner's Hospital for crippled children and the Elgin Crisis center. The significance of this program rests in the fact that we at the Elgin Academy can make a difference.

# TURKEYS FOR TUMMIES

Our objective.

Elgin Academy's favorite cause.

## BREAKFAST AT SCHOOL!

What do you have?

This sure is good.

The "Turkeys for Tummys" program was a tremendous success this year. Everybody in the school brought in food, and the Sophomore class coordinated all the efforts. They gathered everything from appetizers to desserts, from canned goods to the main course. The food went to over 100 area families, and thanks to the Sophomore class and all who participated, many people had a Happy Thanksgiving.

The breakfast bar was a popular program. It was started this year by the National Honor Society and the Eighth Grade. Conducted on Mondays and Fridays, the items for sale included doughnuts, coffee, orange juice, and hot chocolate. The breakfast bar was a welcome sight on cold winter mornings!

Every member of the Elgin Academy Knitting Club had fun this year, and they look forward to 1985-1986.

## BRIDGE

Reading and . . .  
Viewing!

Life in the dorm is a dynamic blend of the social and academic aspects of Elgin Academy. Parties and special events, such as pizza parties and movies are planned, and a fun time is had by all. A close relationship exists between the dorm parents and the students. The food is good and the rooms are large. Study hours are required for everybody, and they help to muffle the urges of not doing homework. It is nice to not have to go very far to get home after a long day of studying.

Student government president Woody Hicks, Vice-President Alison Hicks, Secretary Brent Hanfling, Treasurer J.P. Bernardo.

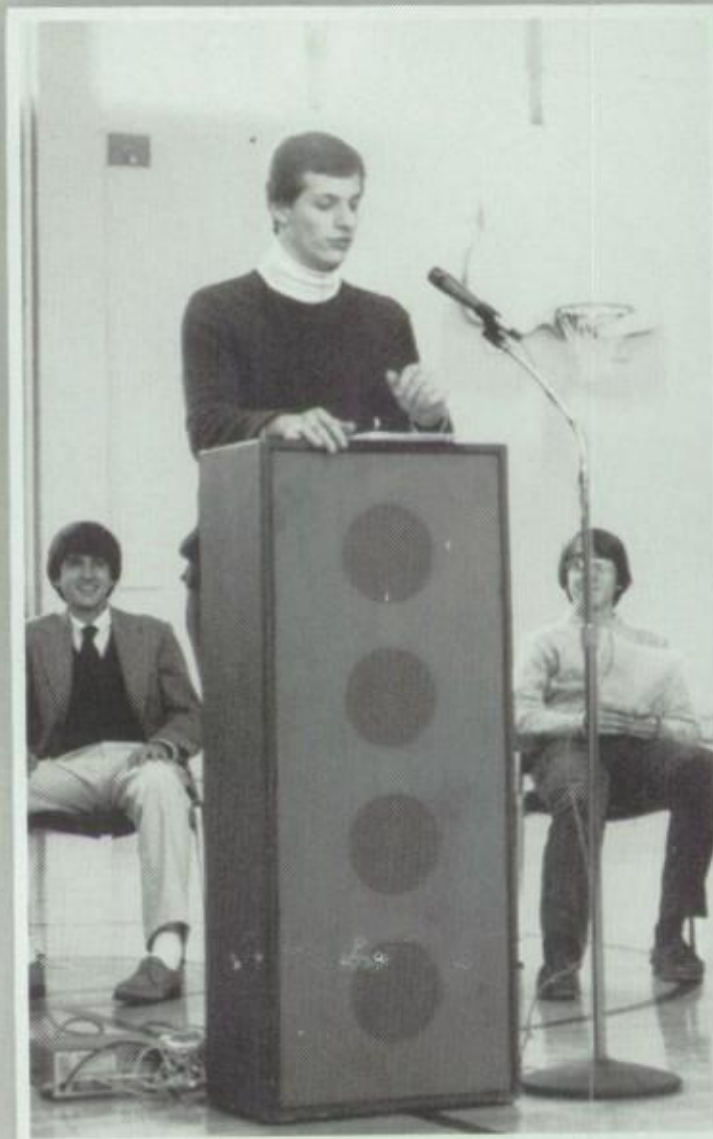

1984/85 marked the successful reinstatement of Student Council at Elgin Academy. The steering committee, consisting of ten dedicated seniors, met over the summer to lay the groundwork for the government. When school started, under the helpful guidance of Mr. Lewis, the committee met several times to set up a constitution and election rules. The constitution, along with four officers and a senate, were approved by the administration in October. During the week of November 12, the candidates for offices made speeches and put up campaign materials. On November 19, the election was held. Remarkably, there was a tie for president between Rachel Hartigan and Woody Hicks. A run-off election the next day produced the final slate of officers. The President was Woody, Vice-

President was Alison Hicks, the Treasurer was J.P. Bernardo, and the Secretary was Brent Hanfling. In addition to these officers, five senators were elected from each class and most of the members of the original steering committee became members of the advisory committee.

The Student Government is ready to bridge the gap between the students and faculty. The fine representation of students will undoubtedly help solve problems that concern both themselves and the administration. This reinstatement is only the first step to continuing student involvement in the Academy community.

Pictured above is the Steering Committee: M. Maziarz, K. Matthei, G. Wendt, R. Hartigan, A. Lee, M. Kassis, J.P. Bernardo, E. Burhop, C. Fard, Mr. Lewis.

## KRISTIN ELIZABETH ANDERSON

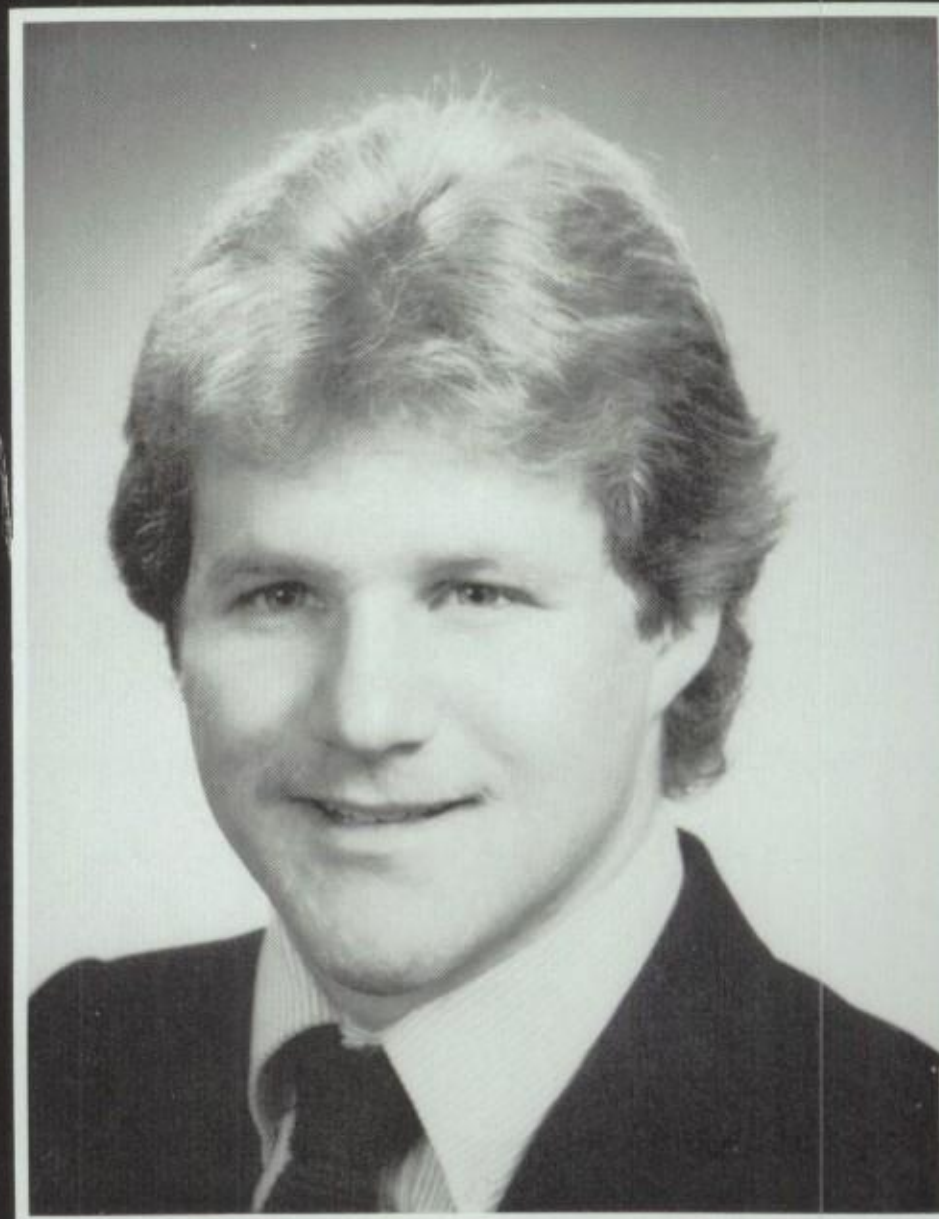

How we've all grown in the four short years we've been at E.A.! Now we're all off in 46 different directions to begin new lives. The friendships we've made during these four years are ones that we will cherish forever.

We shared so many good times together: scoobs, Bennigans, french-fried fingers, Three's Company, Bo, donuts on the lawn, "I'm terribly sorry — I feel uncomfortable about the way we ended the conservation, all-school skate, English papers, bathroom under construction, happy birthday to you, task masters, chey kaines, flying tomatoes, shooting ducks in the mink, no Kell - that little red light is not a light switch! four dollar Edwardo's — sorry Andy — maybe next time, My Pi, Golden Bear, I can't find it, never drive down a familiar driveway with your lights off."

Thanks Weas and Keller — I love all of you forever.

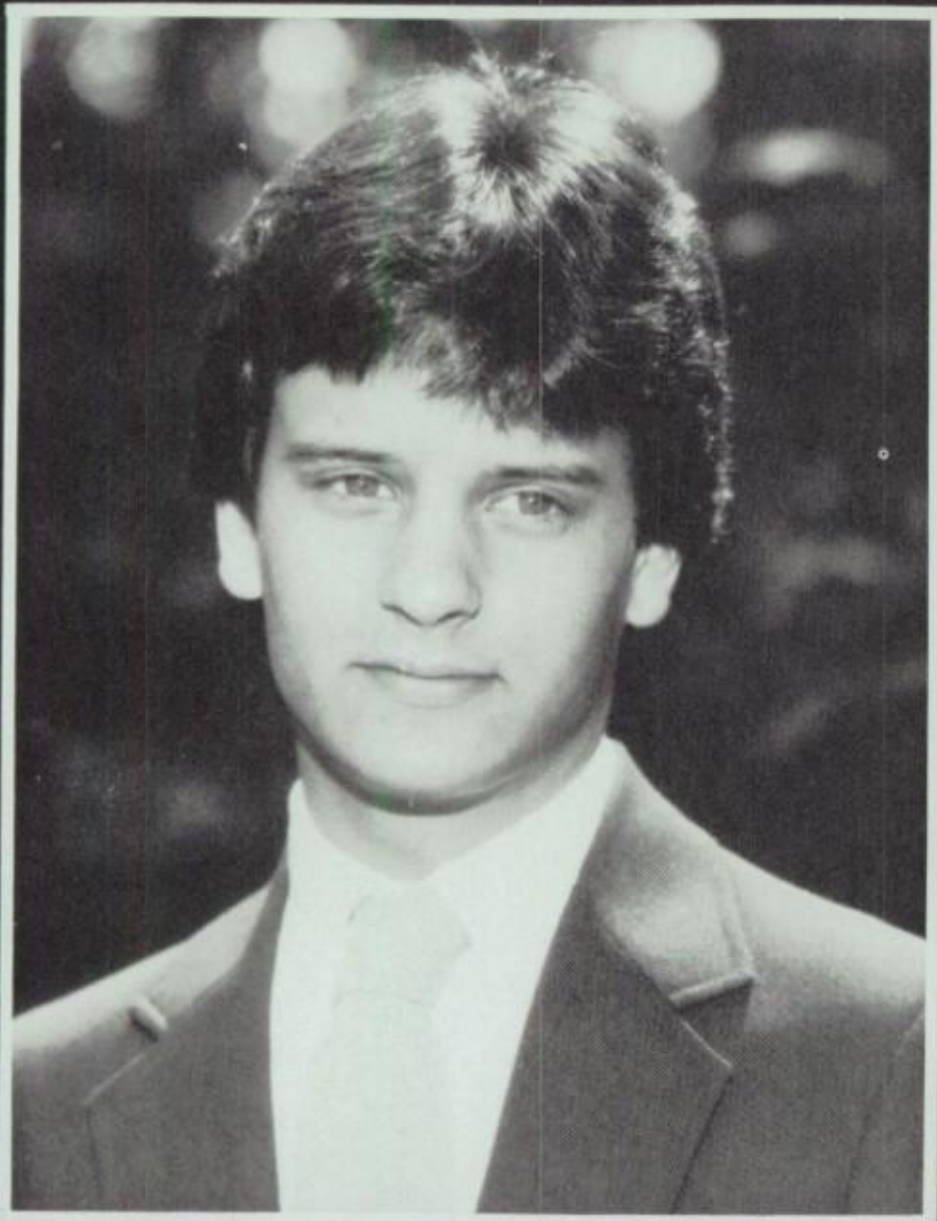

My only regret about Elgin Academy is that I didn't start sooner. School became enjoyable, and I liked the atmosphere of a smaller school. E.A. has been a big influence on helping me decide what I want to do with my future. I will continue to be proud of attending and graduating from Elgin Academy.

When I arrived at E.A. four years ago, I was shy, and apprehensive about my abilities. I didn't know exactly what I wanted to do in the future. Well, now that it is senior year, the picture isn't as foggy, and Elgin Academy has played a major role in preparing me for the new life I will begin after graduation. E.A. taught me a lot of things, not only academically but personally. I changed a great deal as a person, changes for the good. These four years of high school have gone by much faster than I expected, and I'm going to miss this place. There are lots of great memories and people who have been part of these great times which I'll never forget, namely "The Gang" — you all hold a special place in my life and the memories we share — good and bad — are everlasting. Keep in touch!

I've had many great times at the Academy, times spent with friends who will never be forgotten. I have matured in many ways both physically and academically. I came as a shy freshman unsure of myself and I leave feeling well-prepared for college and life. I am glad I have had the opportunity to use the preparation I have acquired here, and I feel E.A. will always be a part of me. A special thanks to my dear parents, the faculty and to my many close and special friends for molding me into the person I am proud to be.

Looking back at the four years I have spent at Elgin Academy, and realizing that the time has come for me to leave not only causes excitement for the new phase of my career which I am entering, but also sadness and a bit of fear. The Elgin Academy has left with me good feelings about myself and the friends I have spent time with. Thanks for the chance and Good Luck to all those who have yet to arrive.

The past four years flew by, and it's all been an experience which I will never forget. The dorm was definitely an unforgettable encounter. Not only does one share showers, clothes, life, but also, the phone; you have more parents than the average high school student.

Situations unforgettable were: "God said, let there be light," "I know you miss me," "Mexican food at 2:00 a.m.," "Let's Whyllers," care bears, Thanks to those who helped me through and helped me to what I am now.

I never thought that senior year would arrive. I will definitely miss it. Basketball games, Mr. Bohan and his "ring-ring," the long talks with Ms. M., and especially the senior lounge are great memories. I will also remember the fun we had outside of school. Elizabeth, Lisa Heidi, Alison, you're great people. You stuck with me during my times of change. About six years ago I was forced to go to a school which I had never heard of and did not want to attend. Now, looking back, it was the best thing that has ever happened to me. E.A. has been essential, with my varied experiences, in molding my character, strengthening me and helping me to look forward to the future. I hope that over the years I've been able to give to E.A. as much as it has given to me. To "the guys" who have meant so much to me: our memories will never be forgotten, for I will cherish them forever. Take care of yourselves, stay healthy, and happy — keep in touch. I.L.Y. The past two years at Elgin Academy have been unique and enlightening. It seemed as if the concept of graduation would never become reality. The memories I have of the students and faculty are too numerous to write — I'll always remember them. It is time to part, watch out for me in the business world.

Mark Damian Maziarz

"Live your life each day as you would climb a mountain. An occasional glance toward the summit keeps the goal in mind, but many beautiful scenes are to be observed from each new vantage point. Climb slowly, steadily, enjoying each passing moment; and the view from the summit will serve as a fitting climax for the journey."

— Harold V. Melchert

Elgin Academy has been a great vantage point for my life. I've done a lot of work here in the last few years, but it all seems worth it now. I've enjoyed each passing moment — the memories are great . . . "but officer, I already got a ticket this week." U2 Concert. "Stop Making Sense." Gee, can I take a closer look at your cowboy boot? But JP, you wouldn't let me pass! The dents make it go faster! Sometimes I just can't Holbach. Sometimes I just can't Holbach.

Thanks to everyone — we really have something great to look forward to.

My four years at the Academy have gone faster than I ever thought possible. There have been some really great times and some other times equally as bad, for example, junior year. Thanks to everyone who has helped me through these past years, especially my parents. A special thanks to my friends who have made the unbearable bearable and the happiness happier. I'll miss you very much.

I would like to thank all of those people who have made my  
 time at Elgin Academy an enjoyable one. I have really enjoyed  
 going here for the last four years. The teachers have been very  
 helpful in times of need. I will miss this type of atmosphere that  
 is expressed at this school, one of a close-knit family.

"And God shall wipe away all tears from their eyes: and there shall be no more death neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away."

— Book of Revelation 21:4

So many fond memories to take with me from Camp Wonderland — destruction of the existing social order, the joy of flippancy and disruption, hospitality of the blood, trips up to Alpine (and Hartford), "Building Character," the weather report, "If you'd only apply yourself . . ." C.M.'s fear of waitresses, and of course, "No, I don't do that anymore."

So long.

In the past three years at Elgin Academy, I have become aware of what it means to me. And most importantly, I am content with that. I thank my parents and friends for all the support you have given me.

Unforgettable memories: Homecoming '84, softball '83, hockey with Thurbs, packman sheets, chem. lab., girl scout cookies on Michigan Ave. and God said "let there be light." "Just like two birds together would be," 1999, Cluster!! Utah was awesome!!, sauna hey dude, curtains on the plane, locked out New Year's Eve '84, Advil, all school skate, "the fighting Irish," American History, chey kains, teddy bears, from what I hear . . . , holy cow!!, from nurse to nurse, where do you think you're going baby?, the duster, it's the altitude, snowplow!!, Jerry Car, . . . I could go and on . . . I'll never forget all of you — you know who you are. Especially Mare Bear, Kristin, & Lis — thank you for everything.

Adieu!!

My first year at the Elgin Academy as a transfer student has been most welcoming. Although I've known for only a semester the teachers and students, I feel as if I've been a part of the school longer. The school activities as well as the work have been very rewarding and beneficial. I only wish that I could have come here sooner. Thanks for being so personal and helpful. The friends that I have made with the students and teachers° will always be remembered.

E.A. is now becoming history in my life. It seems hard to believe that six years have passed by. So many good friends, good laughs, and such great times shared. I'm positive this is one time in history I'll always remember.

Thanks for everything.

The most important thing that happened to all of us here at E.A. is that we matured — some more than others — some not at all. I must say that my education at E.A. has been one that I will always treasure and a major part of this education has been my four years in the dorm. These years taught me about something that will help me for the rest of my life: human nature. It also must be said that the humanities should be taken lightly, euthanasia should become an economic policy, and that the following should be thought out and memorized . . .

"The ends justify the means."

"Regret is the fruit of pity."

— Temuchin

"... if I stay my reputation will soon be gone"

Attending the Elgin Academy was a great experience for me. This place has made me grow as a person. I will never forget E.A. and the people who made it special. Through my four years I have developed some great friendships, especially my B-Ball team members. I've had many ups and downs here at the Academy, and thanks to my friends, I survived: Woody, Rodney, Jimmy, Geoff, Cam, John, and Chad, etc. Thanks for making these four of the greatest years of my life, I will never forget you. Well, it's time to move on and I'm ready for the challenges. So long E.A., and thanks!

Elgin Academy has been a very rewarding and productive four years of my life. It strives for excellence not only on the field, but also in the classroom; I respect this goal very much. I feel positive about all of my accomplishments and have no regrets, which is very important.

Thanks to all the faculty and administration who have been a large part of my life in one way or another. A special thanks to the "guys" who have helped me through alot. I'll always love you guys!

When I started as a junior at Elgin Academy, it was hard to leave my old friends and make new ones. I would like to thank *all* my new friends, especially Mrs. Schield, Julie Van Gemert, and Lisa Edmunds, for helping me and then or staying my good friends. I will miss you. Good luck to Kenny and Diane and all future E.A. grads.

It was an arduous task, and without the help of these people, it would have been even more difficult. Again, thanks to all who helped out.
